## HIGHLANDS, NJ "Where The Jersey Shore Begins"

Bay Pointe Inn is located at Sandy Hook Bay Marina in the historic and picturesque town of Highlands, NJ. The eastern part of the town is built on a high bluff that overlooks Sandy Hook and the Atlantic Ocean, from which the borough derives its name. Atop this bluff are the Navesink Twin Lighthouses, commissioned by the Federal Government in 1828 to aid the ships navigating the harbor. Twin Lights was the first twin lighthouse ever built, the first to use kerosene and the first to use electricity. Highlands is the highest point on the entire eastern seaboard.

Just 12 nautical miles south of New York Harbor, Highlands is nestled along Sandy Hook Bay. Originally discovered by the famous Sea Captain Henry Hudson in the early 1600's, Sandy Hook is a beautiful 1,655 acre barrier peninsula with a view of the Manhattan skyline and a seven-mile stretch of pristine ocean and bay beaches excellent for surf casting, swimming and sunbathing.
